TIMELY FILMS

brings to television...

THE FOREST

(28 min., b/w or color)

Photographed in the Pacific Northwest, this picturesque film shows the multiple use benefits to be obtained from our National Forests. Pictures the natural beauty and healthful recreation that may be enjoyed by all - - trail riding in the wilderness, family picnics beside trout streams and skiing on snowy slopes. Shows how timber grows, is harvested and replenished; how water is conserved, and how range and wildlife flourishes. Containing beautiful photography of mountain scenery and animal life in the forest, this film will be enjoyed by all viewers and initiate vacation travel plans.

BACK THE ATTACK ON BRUCELLOSIS

(27½ min., color only)

This film is a valuable reminder to livestock farmers to be alert for symptoms of a widespread and expensive menace to their herds - - Brucellosis or Bang's Disease.

The story of one community's experiences in discovering the disease, and planning a community program for control and eventual eradication, is entertaining as well as educational. The film is especially suitable for showing in dairying areas.

THE THREE SQUARES

(13½ min., b/w or color)

We think of food fit for a king or something special. Yet, every one of us eats better today than kings and knights of old. Live action and animation are artfully combined in this film to show that only in recent times have we learned the art of preserving foods so that they retain their nourishment and taste good besides. Tells how canning of food started, how it grew, what it means to us, and what it can mean for future generations. Film of interest to all audiences.

This is another quarterly film flier being sent to inform you of timely, informative films that can be shown on public service time.

Make bookings early, as only a limited number of prints is available. PRINTS MUST BE RETURNED IMMEDIATELY AFTER YOUR SHOWING to meet other commitments.

To order these films, fill in the reverse blank, indicating the date each is desired, with second and third choices, add your name and address and return to:
